Policy

Flanary Keepsake Farm reserves the right to retain any animal born on the farm. I reserve the right not to do business with anyone for any reason. All animals are guaranteed healthy at the time of sale. When the animals leave my farm, I am not responsible for the animals and cannot offer any guarantees. Any illness attributed to normal animal issues that require owner maintenance shall be handled by the new owner. Buyer care or lack of care WILL NOT warrant return of money, replacement of animals or costs the owner claims.

Pick up of Animals Sold

I will email you with the date the animal is ready for pickup. I will hold the purchased animal for one week after the original scheduled pickup date. After that time, a daily charge will be added to the purchase price or the animal may be offered to another buyer and any deposits are forfeited. In most cases, I will gladly work out pick up times to benefit the buyer especially if multiple pets are purchased.

Wethers

Registration papers will not be issued with wethers as pets. If you want papers to show your wether, you must let me know and a \$15 fee for registration papers will be added to your total.
